

WE'VE GOT YOU COVERED

All buildings shown are representative of projects designed and manufactured by Nucor Building Systems.

a **NUCOR** company

With over 30 years' experience, Nucor Building Systems understands the special needs and requirements of athletic and recreational facilities. From open or indoor playing fields for soccer or football, to indoor ice, basketball or pool facilities, to arenas and stadiums, and all with large clear spans, we offer a full flexible product line that is custom designed to meet each client's unique needs.

We offer a full range of metal building framing options, industry-proven roof panel systems, attractive wall panels, insulated metal panels, energy-saving prismatic skylights, innovative mezzanines, and multiple building accessories. Our systems also utilize green building materials which can help lower total operational costs, while other features or specialty equipment can be incorporated to increase your building's safety and performance.
